

CROWD CONTROL

■ DISTANCING DECALS

Distancing markers manage the minimum distance required between people in areas where they would typically converge, like queues.

These vinyl distancing markers are available in 2 styles and can be custom branded to your specification. The anti scuff coating ensures durability.

The non-aggressive adhesive leaves no residue and markers can easily be removed or replaced.

Features:

- Self adhesive vinyl with Anti Scuff coating
- Can be customised to your spec
- Easy installation
- Easy to remove with no residue
